**REMARKS**

By this amendment, a minor amendment has been made to Claim 1 in order to obviate the objection of the Examiner from the Advisory Action. In particular, the Examiner objected to the use of the term "%" in Claim 1 and required a clarification of this term. Accordingly, Applicants have amended Claim 1 to reflect that the percentage is by weight as is made evident in the specification.

Applicants thus submit that in light of the present amendment as well as the arguments and amendments submitted previously in the response to the final action, the present application has been placed in condition for immediate allowance, and such action is earnestly solicited.
